SHOWREEL CHALLENGE

WHAT THIS CHALLENGE IS ABOUT

The latest **CHALLENGE AND OPPORTUNITY** from The Cue Tube is exciting, different and FREE!

We're teaming up with production company **Limitless Independent Films** to find a composer/sound designer to provide sound for their showreel.

THE BRIEF. An insightful discussion, and helpful brief, can be found on our YouTube channel, explaining what the company are looking for - something very unique, specific and an interesting challenge and opportunity for composers, and sound designers.

DEADLINE. Free submissions are invited *via our website* by 10am GMT on November 25th 2026.

IMPORTANT. In keeping with the wishes, and rights, provided by the company, we would ask that re-scores of the materials are uploaded as 'unlisted' on YouTube, for us to review. This video will be removed from our library when the deadline passes. Participants may include their re-score in private showreels, to help bid for projects, but not share this publicly.

This opportunity will be provided completely **FREE**. For the first week it will be availble for Cue Tube members only and then released for general access.
